

# Crisis Management

## 3 Day Course

### Why this course

This highly participatory course provides the foundation for crisis and business continuity management planning and will enable delegates to contribute effectively to their respective corporate crisis management mechanisms.

Where crisis management systems are already in place, the course will offer an opportunity for experienced managers to practice their skills and confirm that they match international standards.

The core content addresses the competencies required within the Business Continuity Institute.

### Who will benefit

The course is aimed at managers with responsibility for, or involvement in, risk, crisis and business continuity planning and management.

## Course Content

- Understanding Risk & Risk Assessment
- Current Business Continuity Legislation
- Codes of Practice & Standards
- Determining Strategic Business Continuity Management
- Understanding the Organisation
