Managing Security Surveys

**3 Day Course
(BTEC Level 4)**

Why this course

Conducting a security survey is an essential skill for security managers. This course provides a step-by-step guide to the process of conducting an effective survey and will supply you with a template for conducting your own security surveys.

The course will show you how to identify the particular threats to your business, premises and staff, and how you can protect against them. During the course, our experienced instructors will guide you through each stage involved in conducting a survey. You will also learn how to use the security survey as part of your ongoing risk analysis and security strategy.

Who will benefit

The course will be of immediate benefit to anyone conducting or overseeing security surveys. By guiding you through the important stages from initial planning to final report, this course will enable you to quickly and efficiently assess your security strengths and weaknesses. It will equip you with the essential measure to maximise your safety whilst meeting the realistic constraints of your budget.
